Single storey rear extension, internal remodelling and associated works 11 De Montfort Road Lewes BN7 1SP

Ref. No: SDNP/19/05830/HOUS | Received: Thu 05 Dec 2019 | Validated: Thu 12 Dec 2019 | Status: Application in Progress

Comment:

Members suggested some “green” enhancement to the flat roof/terrace.

Proposed installation of a 2.4m fence and 4.3m wide replacement vehicle gate on the eastern site boundary of Sussex Police Headquarters adjoining Queens Road Malling House Church Lane South Malling Lewes BN7 2DZ

Ref. No: SDNP/19/05808/FUL | Received: Wed 04 Dec 2019 | Validated: Wed 04 Dec 2019 | Status: Application in Progress

Comment:

Members were pleased to note that the use of the gate will be for emergency use only, however, OBJECT To the height of the fence; commenting that the proposed fence is considerably higher than the existing fence (twice existing height) and not appropriate for this location. Members also noted that the noted “358 security weldmesh” is available in several designs, including ‘soft aspect’ versions which will offer the least visual intrusion in a residential area, allowing maximum light transmission.

Demolition of the vacant building and the construction of 28 residential units with associated landscaping and on-site car parking Astley House Spital Road Lewes BN7 1PW

Ref. No: SDNP/19/05619/FUL | Received: Mon 25 Nov 2019 | Validated: Fri 13 Dec 2019 | Status: Application in Progress

Comment:

Members regret an apparently cynical application of Vacant Building Allowance to provide less affordable units than expected. This is a morally unacceptable contradiction of Local and Neighbourhood Plan Policies and also the size of units ignores statements in both Plans in that the need is for more 1, 2 & 3 bedroom homes. Members were concerned regarding parking provisions as it appears there is insufficient parking to provide for all units and Members consider all parking should be on-site. Councillors are also aware of concerns expressed by residents regarding potential loss of trees and the ambiguity regarding site boundaries and would appreciate clarification. Members agreed with comments published by the Friends of Lewes regarding the “gateway” aspects and visual presentation which they feel needs improvement; and were also aware of concerns that Accessible units appear to have no outside space. There were also concerns regarding the proposed use of gas central heating system. Members STRONGLY OBJECT to this application.

Comment:

Members suggest the applicant be encouraged to consider a “green” (e.g. Sedum) roof and there was concern regarding the slightly confusing illustration which appears to show a stairway leading to a window (not door) and potential dominance of the structure, to the detriment of neighbours.

Ref. No: SDNP/19/06005/HOUS | Received: Tue 17 Dec 2019 | Validated: Tue 17 Dec 2019 | Status: Application in Progress

Comment:

Members felt that this application was disproportionately large in scale compared with the existing structure, but acknowledged the site was not visible from the road and the property is in a unique position. It was felt that the applicant should be encouraged to seek a free-of-charge assessment by Sussex Ornithological Society to see whether a Swift nest box (or other conservation element) might be incorporated as part of the development (Subject to Planning regulation *etc.*)
